

## VISION INSPIRED THE NAME THAT YOU CAN TRUST

“We have used Vision Inspired for three different projects in the surgery over the last couple of months;

- Refurbishing two offices
- Replacement of surgery main entrance doors and
- Building of an additional consulting room

In all three projects we have been impressed with Vision Inspired’s attention to detail and planning; the standard of their work; their punctuality and keeping to time; the cleanliness and not least the politeness of their staff. Vision Inspired plan and manage the whole process for you, so you don’t have to worry.

The whole team here at Water Meadow Surgery have been complimentary about Vision Inspired and we would have no hesitation in recommending them for any job small or large you may have.”

“ My experiences with Vision Inspired have been most inspiring to say the least. We had two very important projects, namely the relocation of our surgery to another site and the expansion of our new surgery.

On both occasions we were under enormous pressure to complete the work in a very short space of time. Not only were Vision Inspired extremely reliable, the quality and service of their work was exceptional. They were always on hand to sort out any problems in a speedy and efficient manner, making it a pleasure to work with them.

Vision Inspired showed their professionalism throughout and I would not hesitate to recommend them. I would also like to take this opportunity to thank the whole team for their enthusiasm and hard work seeing these projects through to completion. “
