- Bespoke Joinery
- Relocation
- Crate Hire
- Storage
- Installation

Supplied, delivered and installed by Vision Inspired

“Stanhope Wilkinson Associates are architects and interior designers for works carried out at the main entrance to Wexham Park Hospital. Vision Inspired Business Interiors won the contract to supply and install a New Reception Counter and Bespoke Seating and related refurbishment works to Stanhope Wilkinson’s initial designs.

The works included a new reception counter to accommodate 4 reception staff and curved upholstered bench seating units. The construction and fit-out of the surrounding Reception Office was also carried out by Vision Inspired, this work included new partitions, doors, ceiling bulkheads and integrated lighting, local power & data cabling, floor finishes, signage, blinds and other fixtures.

In carrying-out the works, Vision Inspired successfully worked closely with the Trust’s Estates department on matters of programming, co-ordination and Health & Safety, in order to achieve completion with minimal disruption to a very busy part of the hospital.

At all time SWA found Vision Inspired to be positive and helpful, very thorough and accurate drawings were produced promptly. The works on site were carried out professionally, with effective safety screening and awareness to safety issues and the need to manage and contain dust and disruption.

Vision Inspired always took a positive and helpful attitude and we are very pleased with the quality of their works. Since completion of the installation the NHS Trust has approached Vision Inspired direct for further works”.
